ITMO University

3rd International Scientific Conference
«Sustainable and Efficient Use of Energy, Water and Natural Resources»
April 19-24, 2021

General information

The organizing committee invites you to take part in the 3rd International Scientific Conference «Sustainable and Efficient Use of Energy, Water and Natural Resources» (SEWAN-2021) in ITMO University, Saint-Petersburg, Russia, on April 19-24, 2021.

SEWAN-2021 is an annual conference, which was held first in Tomsk, The Russian Federation. The conference covers a wide range of practical and theoretical issues of energy conservation and resource efficiency. The target audience of the conference includes the representatives of organizations from the scientific and educational communities, state authorities and industrial and commercial companies.

Scientific program

- Energy Saving and Energy Efficiency
- Environmentally-Friendly Energy Conversion and Supply
- Environmental Protection Systems
- Clean Technologies
- Clean water
- Sustainable Use of Natural Resources
- Sustainable cold chains
- Food Biotechnology for Human Health

The scientific program will consist of plenary and keynote lectures, oral and poster presentations. The organizing committee will provide for both full-time and on-line participation.

Selected conference materials will be published in the journals indexed in the world's reference databases (Scopus, Web of Science, etc.).
